

Recent projects I was involved in.

I had the opportunity to Lead the development of the bidvest bank website

Bidvest Bank <https://master.dtdmazj86ulhs.amplifyapp.com/>

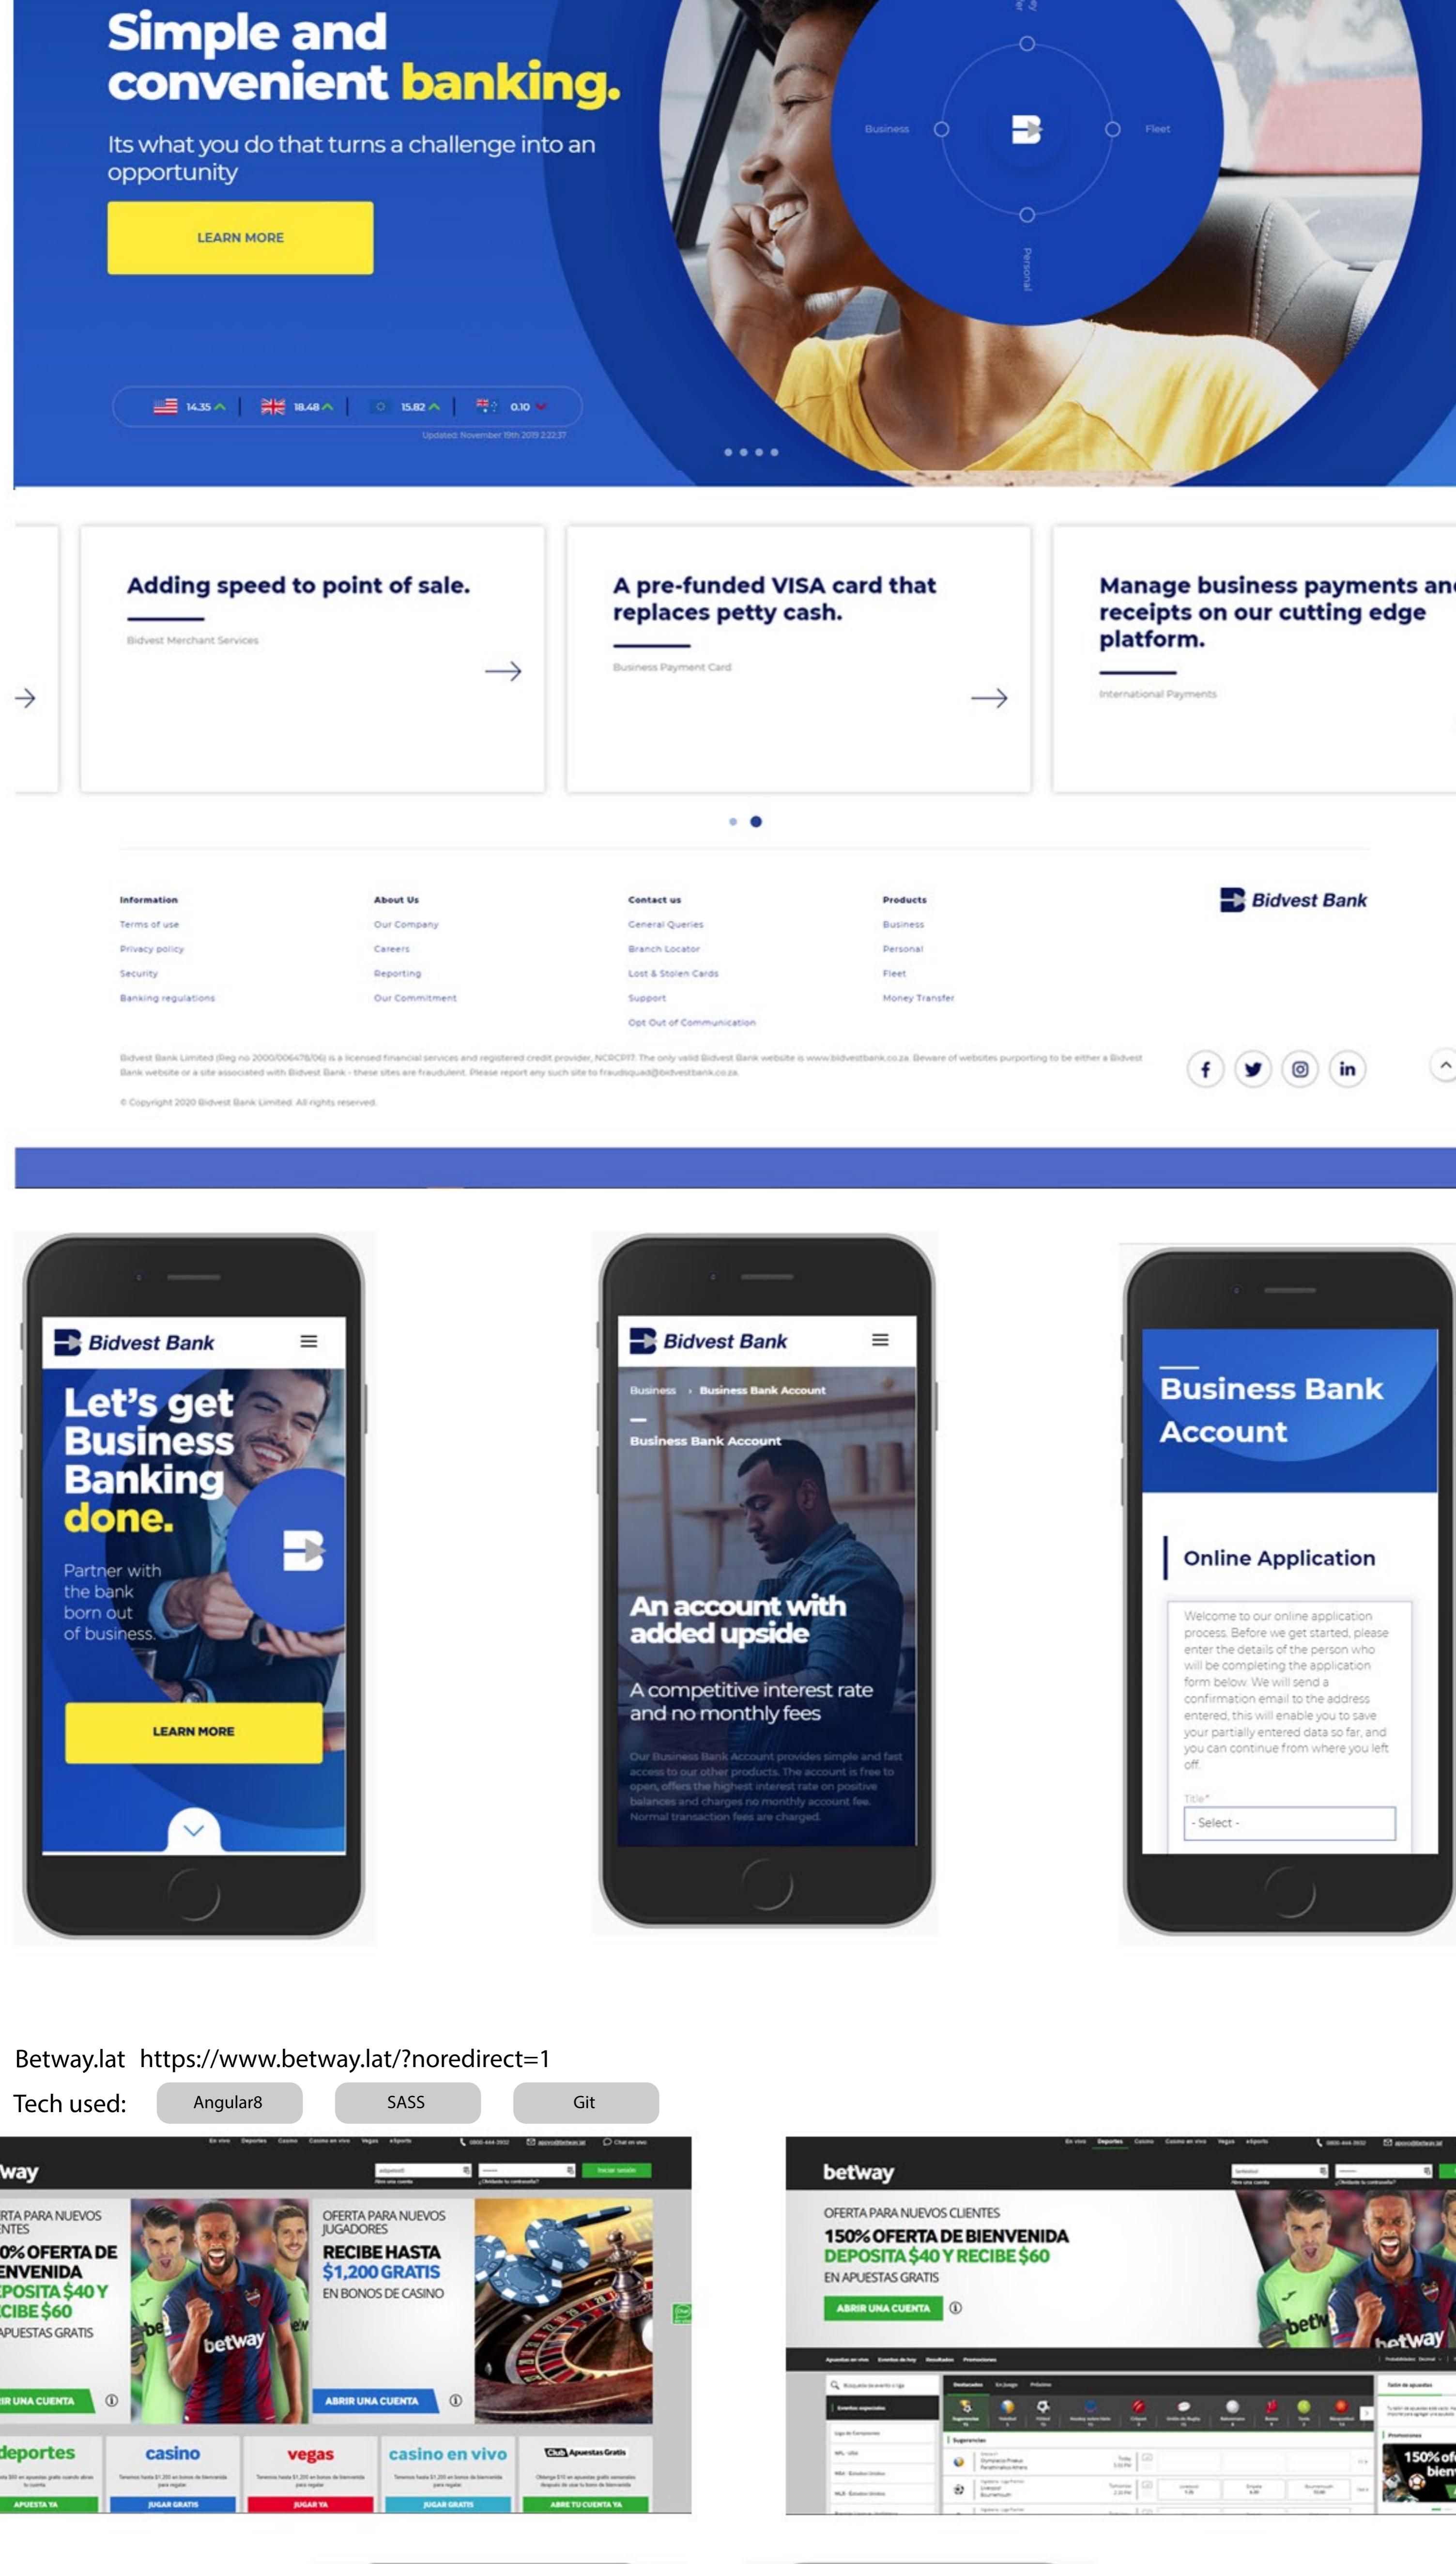

Tech used:

Angular8

SASS

Git

AWS-Amplify

The Bidvest Bank website features a prominent blue header with the bank's logo and navigation links for Business, Personal, Fleet, Money Transfer, About Us, Contact Us, and Online Banking. The main banner highlights "Simple and convenient banking." with a woman smiling while driving. Below the banner, there are three main service sections: "Adding speed to point of sale." (Merchant Services), "A pre-funded VISA card that replaces petty cash." (Business Payment Card), and "Manage business payments and receipts on our cutting edge platform." (International Payments). The footer includes links for Information, About Us, Contact us, and Products, along with social media icons for Facebook, Twitter, Instagram, and LinkedIn.

The mobile application shows the Business Bank Account section, featuring a competitive interest rate and no monthly fees. It also displays an "Online Application" form for new clients.

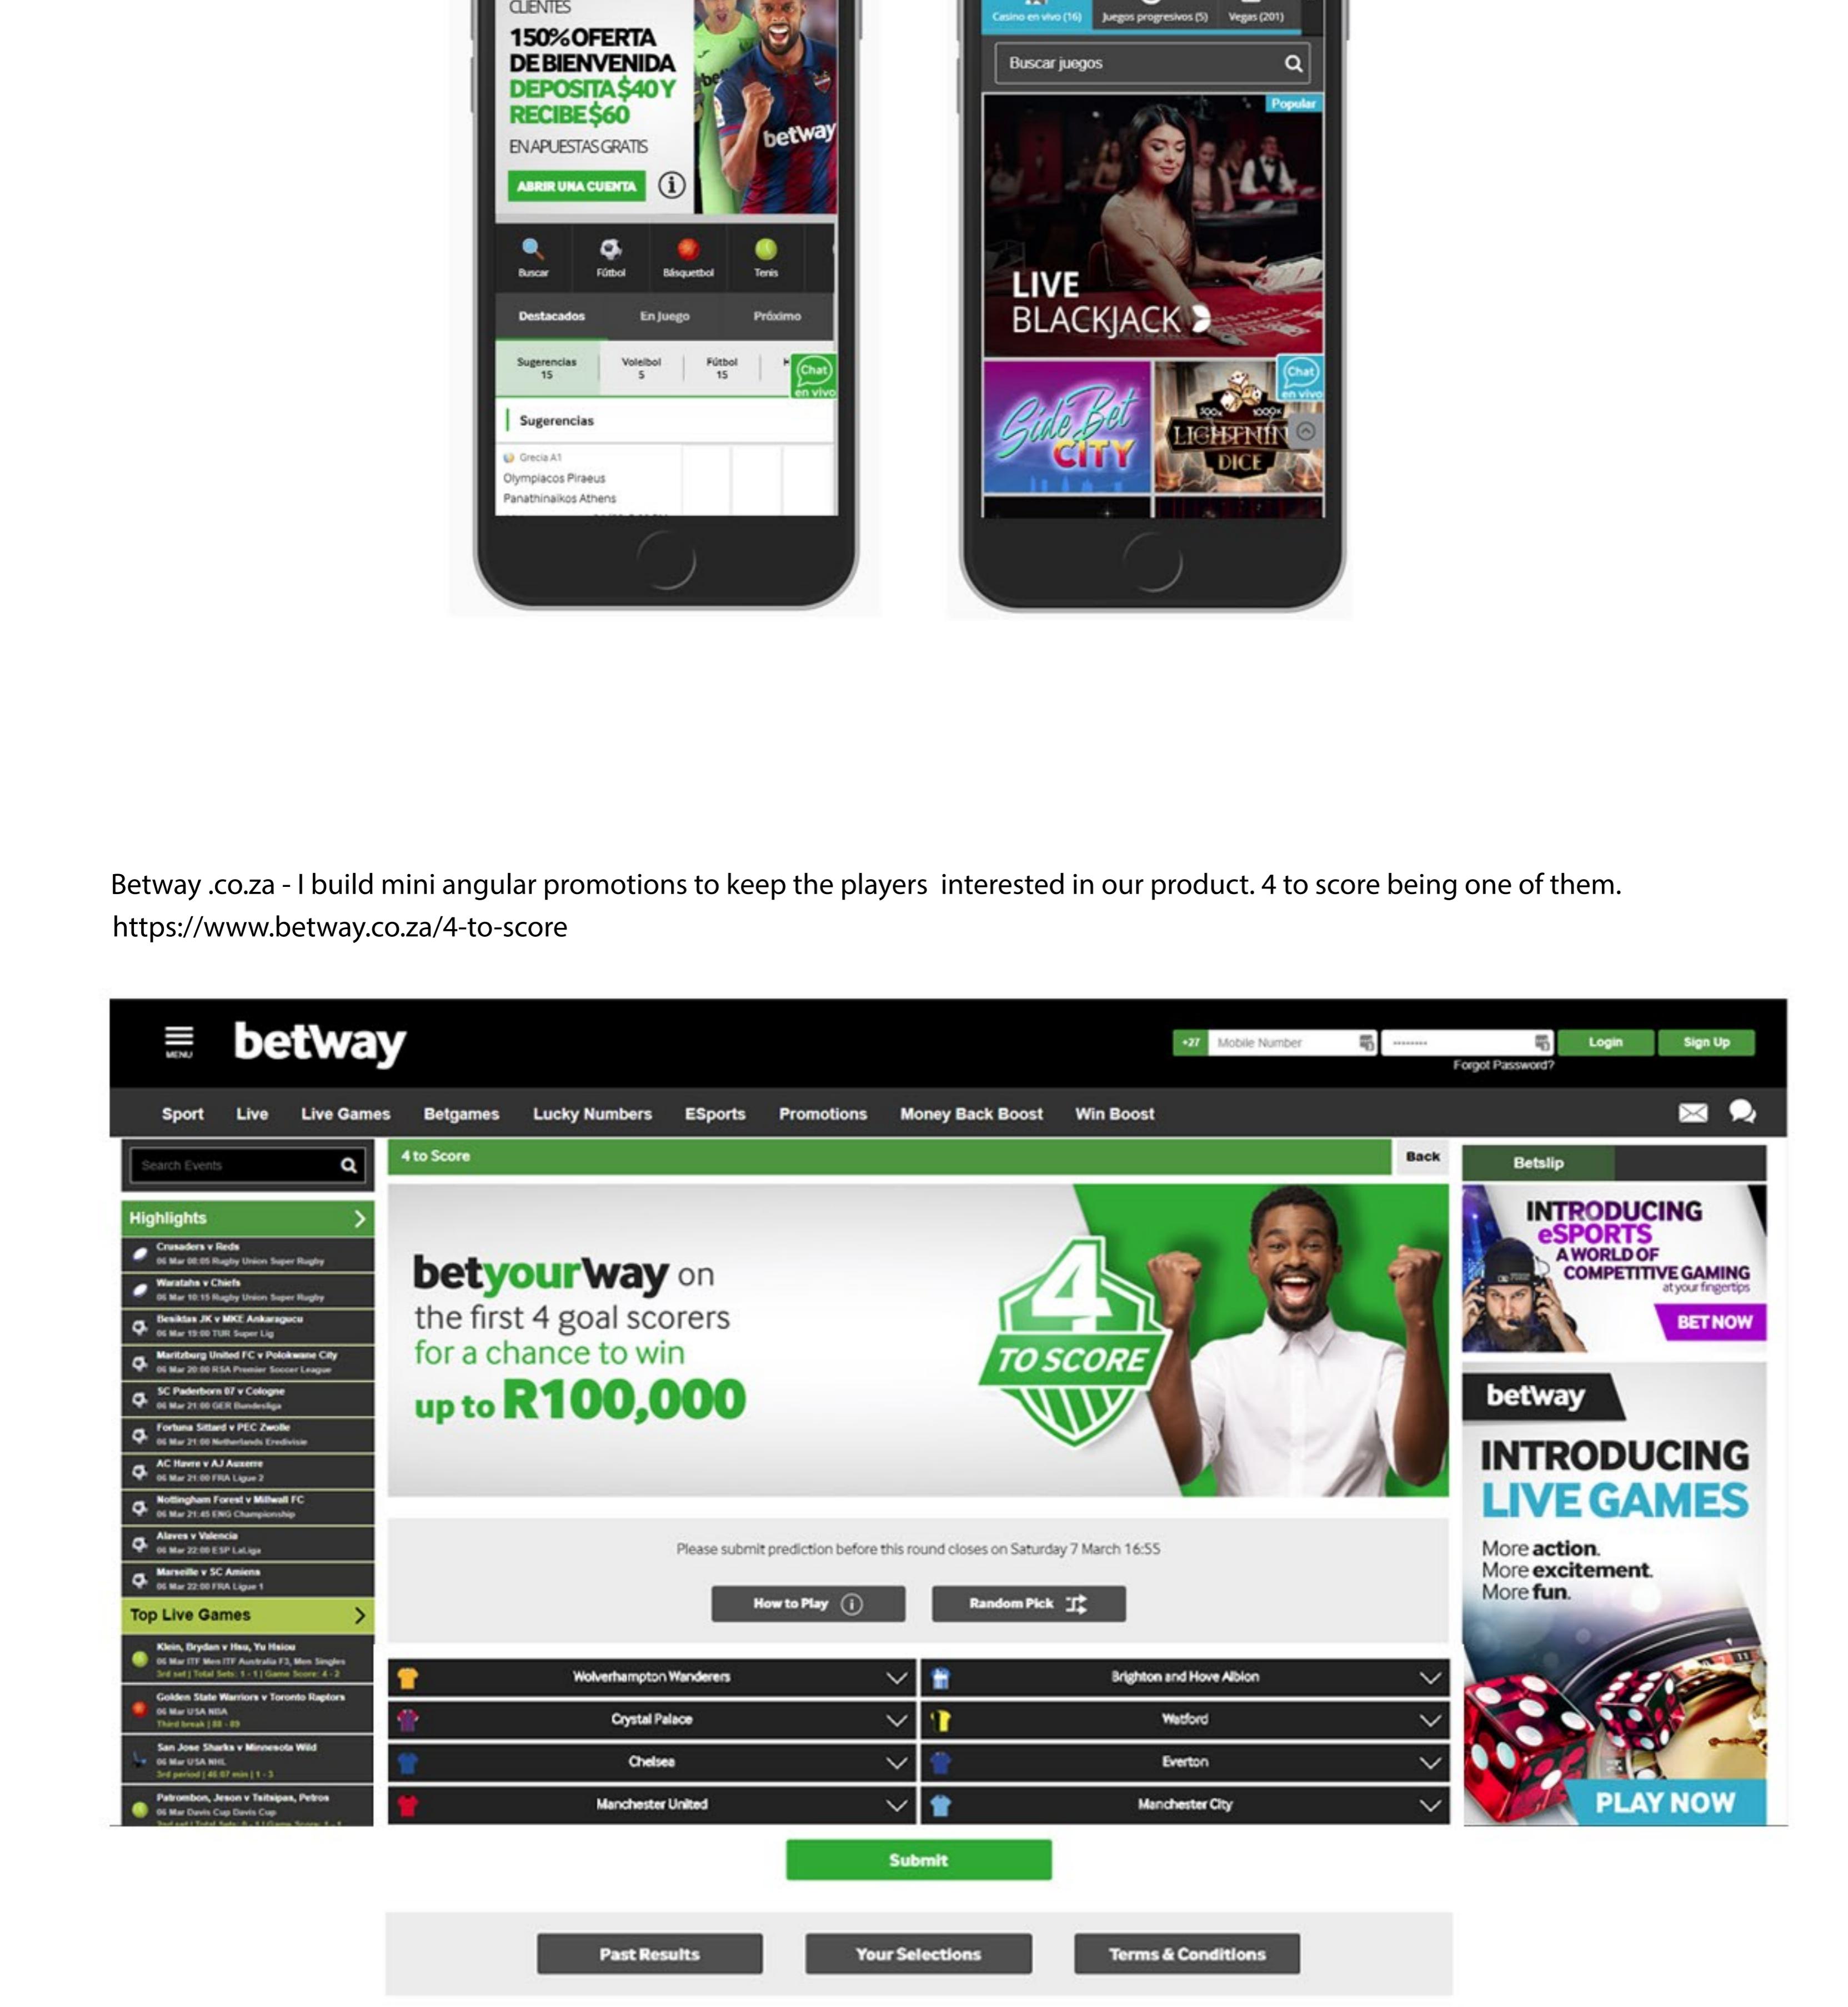

Betway.lat <https://www.betway.lat/?noredirect=1>

Tech used:

Angular8

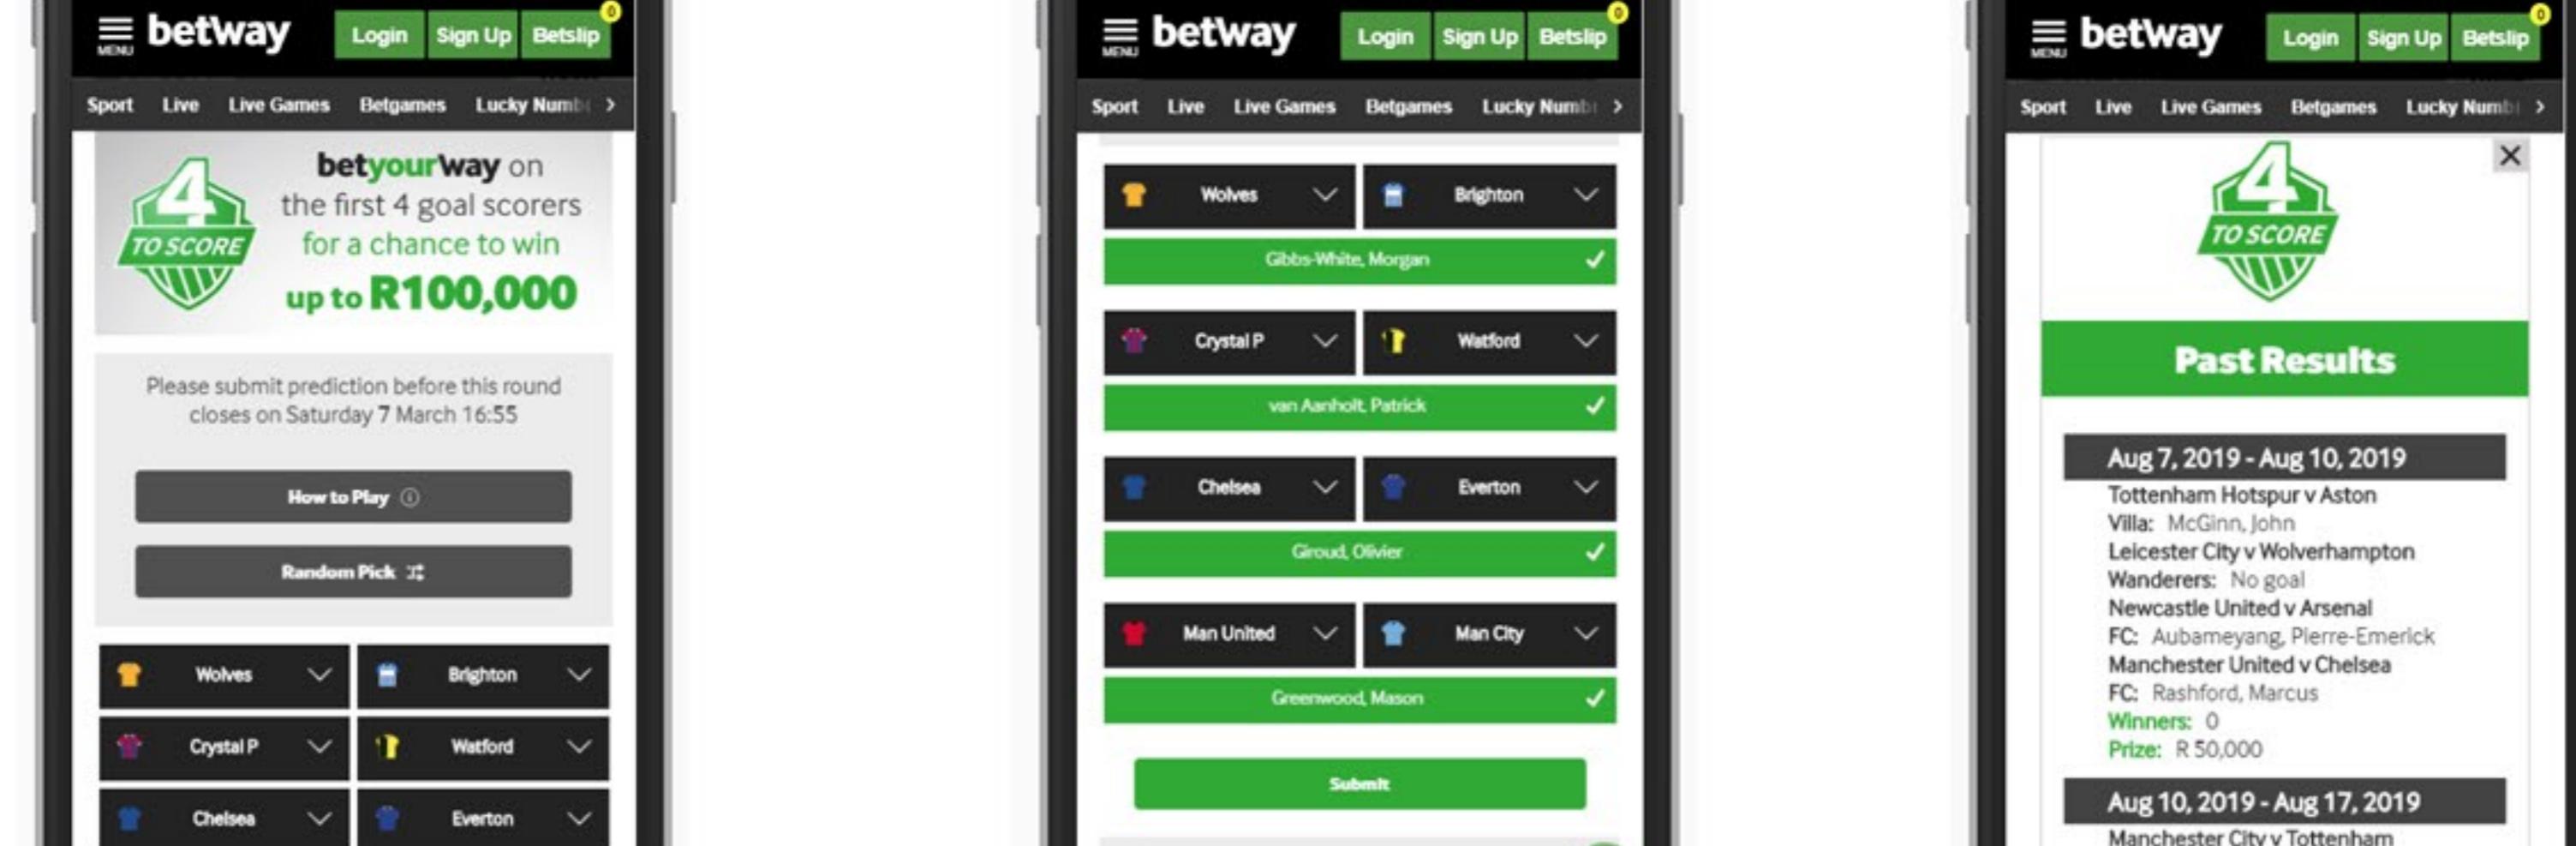

SASS

Git

The Betway website features a top navigation bar with links for Esport, Deportes, Casino, Lotería en vivo, Vegas, Apuestas, and Chat en vivo. Promotional banners for "150% OFERTA DE BIENVENIDA" and "RECIBE HASTA \$1,200 GRATIS EN BONOS DE CASINO" are displayed. The mobile application shows the "4 to Score" promotion, allowing users to predict goals for a chance to win up to \$100,000. It also displays a "LIVE BLACKJACK" game and other betting options.

Betway .co.za - I build mini angular promotions to keep the players interested in our product. 4 to score being one of them.
<https://www.betway.co.za/4-to-score>

The mobile application for the "4 to Score" promotion shows a large banner for the "betyourway" promotion. Users can select teams from a dropdown menu and submit their predictions. Past results for the promotion are also displayed.
